—R. Homer Daiby of Virden, Ill., and Miss Maude Moore of Modesta, Ill. were married at Clayton yesterday by the Reverend E. F. Charles, pastor of the Clayton Presbyterian Church. The wedding was one of those quiet affairs that are so often celebrated at Clayton. The young couple sat in separate seats in the street car on their way to the County Greina Green, and did not seem disposed to impart much definite information after the marriage ceremony had been performed. They returned to St. Louis and boarded a train for Hot Springs, where the honeymoon will be spent. Mrs. Daiby is the deauther of George Moore, proprietor of the Commercial Hotel in Modesta. Her husband says that he is a general merchant in Virden.

RESTRICTOR SPECIAL. Benton, III., April 4.-The Franklin County Republican Convention to-day instructed for Ystes, Chapman, Rose and McCallough, It was one of those three-for-a-nickel campmeetings, wherein the evangelist is always eminently fair and studiously conserves the right of the sinners. The chairman today was a patient creature, for, after the convention had tilked uself into unconsciousness, he actually implored erators to continue. A rare man is the same Judge Dillon, chairman of the convention raiday. Dick Yates was here, and so were Theoore S. Chapman of Jerseyville, Judge Hamlin of Shelbyville and Judge Johns of Fairfield. There were four hours' quarteling by local celebrities before the foreign volunteers were given an opportunpity to Show their points. Judge C. H. #### A LIFE COMPANION.

And a Very Undesirable One.

With thousands of people in this climate catarrh is a constant and lifelong companion; it gets better at times, but each year becomes gradually deeper scated, and after a time the individual resigns himself to it as a necessary evil. Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all so in-convenient and ineffective as to render their use a nuisance nearly as annoying as ca-tarrh itself. It would seem at first glance that catarrh

being a disease of the mucous membrane that salves, sprays, etc., being applied directly to the membranes would be the most rational method, but this has proven not to be true.

The mucous membrane is made and re-

paired from the blood and catarrh is a blood disorder, and a remedy to be perma-nent must act on the blood, and when puri-fied from catarrhal poison the secretions from the mucous membrane will become

from the mucous membrane will become natural and healthy.

There are a number of excellent internal remedies for catarrh, but probably the best and certainly the safest is a new remedy composed of Eucalyptol, Hydrastis, Sanguinaria and other catarrh specifics. This remedy is in tablet form, pleasant to the taste and sold by druggists under name of Stuart's Catarrh Tablets, and any one suffering from catarrh may use these tablets with absolute assurance that they contain no cocaine nor poisonous minerals whatever.

A leading druggist in Cleveland, speaking of catarrh cures, says: "I have sold various catarrh cures for years, but have never sold catarrh cures for years, but have never sold any which gave such general satisfaction as Strart's Catarrh Tablets. They contain in a pleasant, concentrated form all the best and latest catarrh remedies, and catarrh ufferers who have used douches, sprays and salves have been astonished at the quick relief and permanent results obtained after week's use of Stuart's Catarrh Tablets.

Henry Jackson made a speech on the same lines, interrupted by rude men, who yelled that he was first a Haneey man. "I am for that candidate," said Jackson, "whose fa-ther did so much for the soldiers, Richard Yates," and there was tremendous applause

and cheering.

The cuthusiasm spurred Captain Nolen to take the same cue. He favored instructions "for the son of that noble man who went to belmont and Salloh with bandages and medicines for the soldiers. That is Dick Yates," and this stirring patriotic sentiment was cheered again and again by the crowd.

"We will stand by Yates as long as there a chance for him," concluded Captain

finally relieved her. The Wine is the medicine women need. It regulates the menstrual flow and quickly relieves all pains in the head, back, abdomen and hips. It invigorates the female organs and strengthens their ligaments, removing tendencies to falling of the womb and miscarriage, and the drains of leuchorrhoea are banished by an intelligent use of the Wine. That is what it did for Mrs. Morrison. It has done as much for a hundred thousand other women. It will do the same for you if you will take it. There is no excuse for any woman suffering as Mrs. Morrison suffered. You need not suffer menstrual pain.

Discussion of Smallpox Epidemic-Election of Officers-Many Valuable Papers Read.

More than 200 members were in attendance at the closing sessions of the Tri-State Medical Society convention in the Planters Hotel yesterday. Many came in from the surrounding States, who had not been present on the first day. There were two sessions yesterday. In the afternoon the election of officers for 1901 occurred and the place for the next convention was fixed at Keokuk, Ia.

REPUBLIC SPECIAL.

Keviesville, Mo. April 4.—Chariton County Democrats met in Delegate Convention at this place to-day and elected the following delegates to the Judicial Convention to be held at Moberly May 22, to-wit: J. C. Wallince, E. W. Price, J. A. Collett, L. N. Dempsey, P. S. Rader, A. L. Welch, E. T. Miller, A. W. Johnson and W. W. Rucker, A. resolution was adopted indersing C. B. Crawley of Keytesville for Judge of the kensas Chy Ceurt of Appeals, and instructing the delegates from this county to use all honorable means to secure his nomination. Senator Charles H. Vandiver of Fayette County, camildate for Railroad and Many papers of great technical value were read, but the most interesting address of the day was one on the present smallpox situation, by Doctor H. C. tion. Senator Charles H. Vandiver of Fayette County, candidate for Railroad and
Warehouse Commissioner, was present, and
during the absence of committee addressed
the convention on topics connected with
the office for which he is a candidate, and
incidentally expounded some sound Democratic ductrine. The Senator's fame as a
story-teller had preceded him and at the
carnest solicitations of several persons he
toil his famous rabbit story, which convulsed the house with laughter. The Senator promised to tell a much better story
if elected. Mitchell of Carbondale, Ill. Yesterday morning the delegates were invited to attend a clinic at the Female Hospital. Operations were performed by Doctors Cordier of Kansas City, Campbell of St. Joseph and Bernays of St. Louis.

Campbell presided. The Committee on Credentials rendered its report and it showed a large increase in membership. Almost all reputable physicians in Iowa, Illinois and Missourl have become members of medical societies. After the com-mittee's report the following papers were read: Doctor Bransford Lewis, "Some Interesting Genito and Urinary Specimens"; Dector F. J. Tainter, "Pathology of the Ankle Joint"; Doctor E. A. Prince, "Acute Inflammation of the Middle Ear"; Doctor Colonel would like to have the disthread of the Middle Ear"; Doctor James Moore Ball, "Some New Points in Ophthalmology"; Doctor Arthur Mink, on, The Colonel would like to have the disthread of the Middle Ear"; Doctor James Moore Ball, "Some New Points in Ophthalmology"; Doctor Arthur Mink, on, The Colonel would like to have the disthread of the Middle Ear"; Doctor James Moore Ball, "Some New Points in Ophthalmology"; Doctor Arthur Mink, on The Colonel would like to have the dis-Mortem"

on. The Colonel would like to have the dis-tinguished honor thrust upon him, but so long as the honor is somewhat modest itself. Colonel Flick's chances are not the best in the world, until he effectually kills the boom for Doctor Porth, which was started at the Cole County Convention, held a few days ago. Colonel Flick is a hard-working Republican, while Doctor Porth represents the Mark Hanna contingent in the Eighth. In the afternoon the following papers were read; Doctor H. Landis Getz, "Minor Casualty Surgery-Ideals of Practice and Results"; Doctor A. H. Cordier, "Pathologic and Clinical Phases of Gall Stones"; Doctor G. G. Callam, "Have We a Reliable Guide for Determining the Necessity for Operation in Appendicitis Cases?" Doctor A. C. "A Critique of the Methods of Surgical Treatment of Myoma Uteri": Doctor W. B. LaForce, "Loose Kidneys"; Doctor J. C. Morfit, "Short Pregnancy"; Doctor Emery Lamphear, "Some Lessons Learned From One Thousand Abdominal

Judge O. M. Spencer of St. Joseph was at the Southern yesterday. He was congratu-lating himself on the numerous Democratic victories throughout the State, but required Sections. Then Doctor H. C. Mitchell of Carbondale, Ill., made his address on "Is the Present but little time to tell how it harmend in St. Epidemic of Smallpox Really Smallpox?" He said, in part:

but little time to tell how it happend in St. Joseph, which went Republican only on questions of municipal government. According to Judge Spencer, the principal cause of the defent was the fact that the streets of St. Joseph are not in the best of condition, and they could not be made so "I have undertaken to tell something about smallpex, not because of my knowledge of it, but for the sake of honest investigation. There has been much said on the subject, and Doctor Hyde of Chicago, the most learned of smallpox specialists, in a letter addressed to the Illinois Board of Health, said that there was no controversy over the fact that it was smallpox. The malady is so mild in character that the fitof condition, and they could not be made so with the present rate of taxation on the assessed valuation of \$55,000,000, which is where the figures stand at the present time. The waterworks question was also involved, and a host of other little things, with the regulation of which the Democratic party

over the fact that it was smallpox. The malady is so mild in character that the fact talties are aimist nil. At first the disease was confined to the Southern States, where Doctor William M. Welch of Philadelphia says it was brought from Cuba and Puerto Rico, It has been said that the disease has been brought to the United States by the Spanish-American war, which may be true. It is a fact that during the last few years mild smallpox has spread over the entire United States.

"The present epidemic is the mildest on record, Of 300 cases that I have treated only one patient succumbed and she was an old, hed-ridden woman. The diagnoses, matwithstanding the questions raised by Doctor Hyde, are exact tallies of all smallpox cases on record, One of the surest proofs of its genuineness is the certainty with which it can be checked by vaccination. When the discusse attacks a member of the family and the rest submit to vaccination it is kept from spreading. Why is it so mild? That is a mystery.

At the conclusion of Doctor Mitchell's address the election of officers took place, as follows: Doctor Henry Hatch of Quincy, III, president; Doctor H. Landis Getz of Marshalltown, Ia., first vice president; Doctor F. S. Van Horn of Jerseyville, III, second of Clinton, Ia., treasurer; Doctor W. B.
